## LAWN & GARDEN BATTERIES

**RELIABLE STARTING POWER.**

**POWERFUL COLD CRANKING AMPS.**

Lawn and garden machinery need a battery that can handle the roughest terrains and the toughest outdoor use. Our lawn & garden batteries have the power to perform not only in springtime but also during hot summers and cold winters. Our range runs from 160 CCA to 300 CCA and offers reliable and powerful cold cranking amps for starting lawn mowers, lawn tractors/riding mowers and other garden machinery. Available in a range of 12V batteries from 18Ah to 24Ah in series SLA, SMF and DRY (with acid pack).

### FEATURES

- RELIABLE AND POWERFUL PERFORMANCE
- HIGH COLD CRANKING AMPS (160 CCA TO 300 CCA)
- AVAILABLE AS SLA, SMF AND DRY BATTERY
- ESPECIALLY DESIGNED FOR LAWN & GARDEN MACHINERY
- IDEAL FOR ALL-SEASONS

power on command

# SLA

AGM TECHNOLOGY | HIGH COLD CRANKING AMPS | GOOD VIBRATION RESISTANCE | 100% MAINTENANCE FREE | FACTORY ACTIVATED, READY TO USE

| Model        | Article number | Voltage (V) | Capacity (Ah/10hr) | CCA A (EN) | Length (mm) | Width (mm) | Height (mm) | Total height (mm) | Layout | Terminal |
|--------------|----------------|-------------|--------------------|------------|-------------|------------|-------------|-------------------|--------|----------|
| SLA 12-20A   | LB SLA 12-20A  | 12          | 20                 | 180        | 181         | 76         | 167         | 167               |        |          |
| U1-280 SLA*  | LB U1-280 SLA  | 12          | 24                 | 280        | 197         | 130        | 159         | 170               |        |          |
| U1R-280 SLA* | LB U1R-280 SLA | 12          | 24                 | 280        | 197         | 130        | 159         | 170               |        |          |

\*Equivalent capacity to conventional technology

# SMF

CALCIUM/CALCIUM TECHNOLOGY | VERY HIGH COLD CRANKING AMPS | EXCELLENT VIBRATION RESISTANCE | 100% MAINTENANCE FREE | FACTORY ACTIVATED, READY TO USE

| Model     | Article number | Voltage (V) | Capacity (Ah/10hr) | CCA A (EN) | Length (mm) | Width (mm) | Height (mm) | Total height (mm) | Layout | Terminal |
|-----------|----------------|-------------|--------------------|------------|-------------|------------|-------------|-------------------|--------|----------|
| U1-250MF  | LB U1-250MF    | 12          | 22                 | 250        | 196         | 132        | 159         | 185               |        |          |
| U1-R250MF | LB U1-R250MF   | 12          | 22                 | 250        | 196         | 132        | 159         | 185               |        |          |
| U1-300MF  | LB U1-300MF    | 12          | 24                 | 300        | 196         | 132        | 159         | 185               |        |          |
| U1-R300MF | LB U1-R300MF   | 12          | 24                 | 300        | 196         | 132        | 159         | 185               |        |          |

# DRY (with acid pack)

ROBUST TECHNOLOGY | RELIABLE STARTING POWER | DRY PRE-CHARGED BATTERY | NEEDS TO BE FILLED BEFORE FIRST USE

| Model     | Article number | Voltage (V) | Capacity (Ah/10hr) | CCA A (EN) | Length (mm) | Width (mm) | Height (mm) | Total height (mm) | Layout | Terminal |
|-----------|----------------|-------------|--------------------|------------|-------------|------------|-------------|-------------------|--------|----------|

## CARE & MAINTENANCE

Maintain your battery with a premium smart battery charger by SC Power. For LAWN & GARDEN batteries we advise the following battery charger.

| Model | Specs          | Description                               | Accu range (Ah) |
|-------|----------------|---|-----------------|
| SC38  | 6/12V 0.8/3.8A | SC Power premium smart charger - 9 phases | 1.2-60          |
